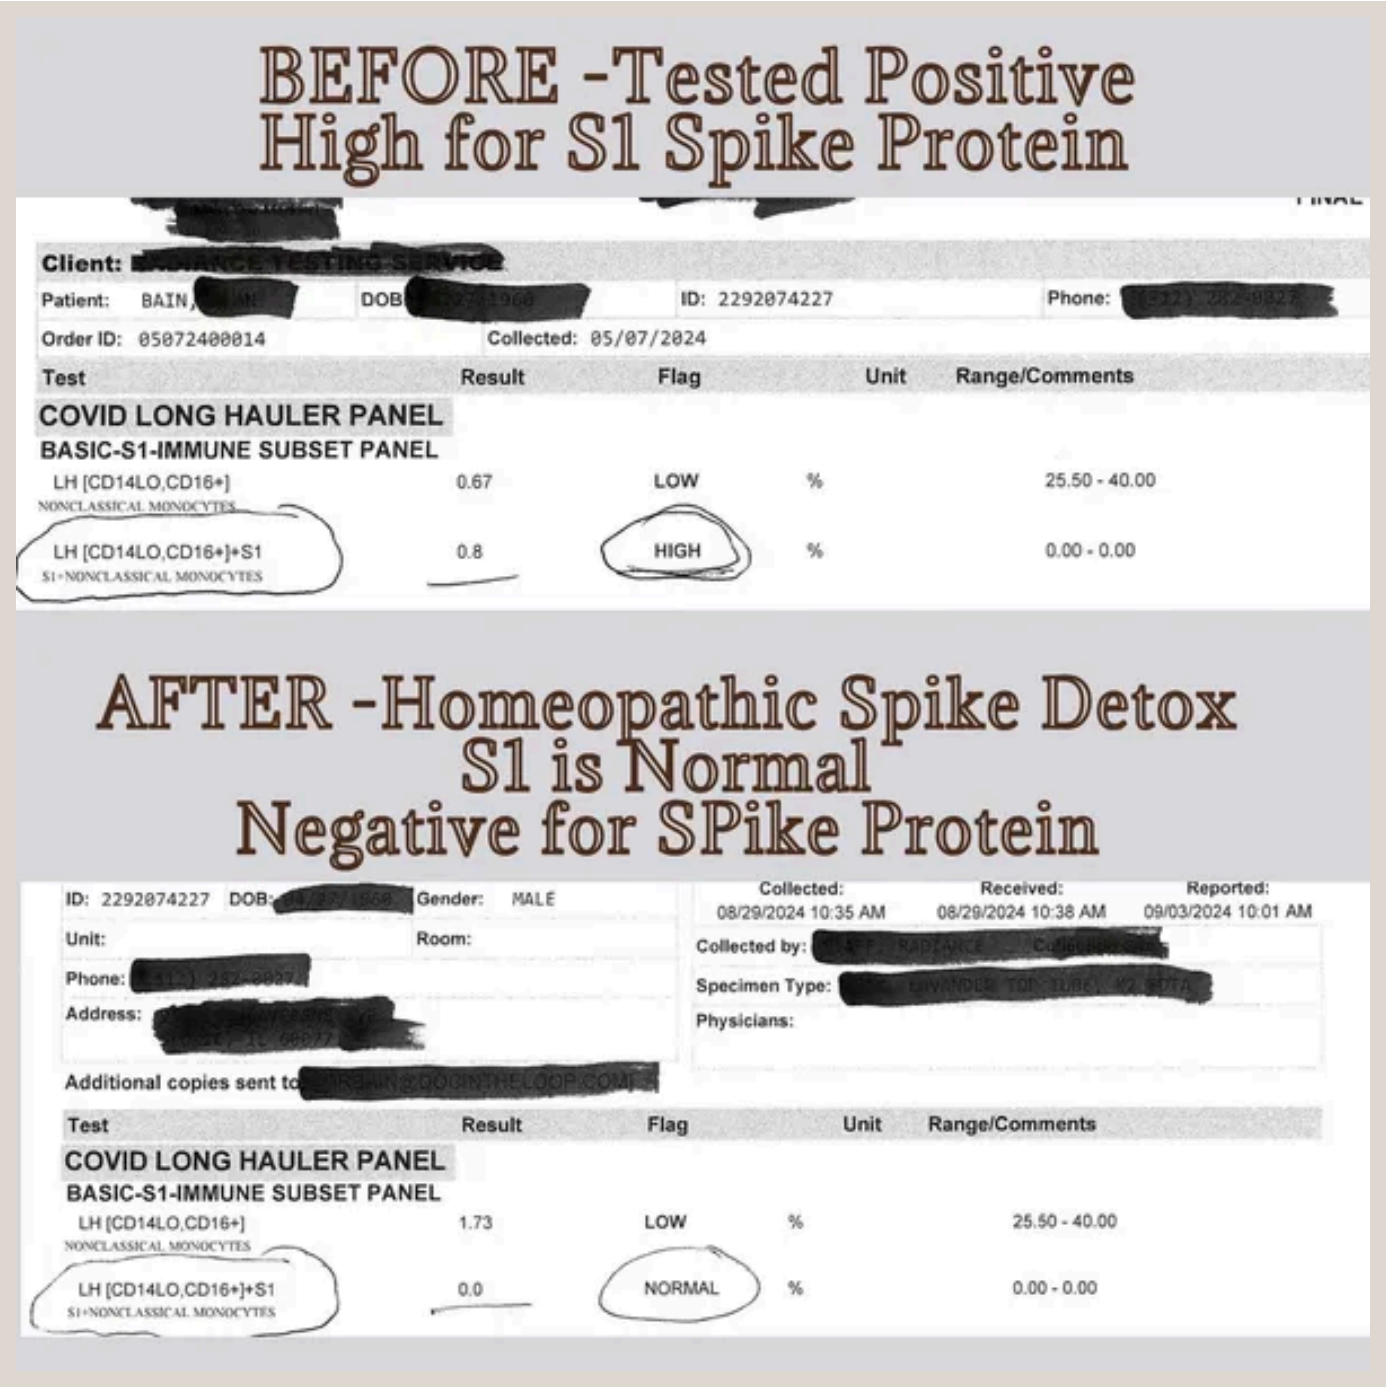
Ground Breaking Research from Professionals Who Care

HSD- Independent Clinical Trial for long COVID & Spike Protein Removal

ENROLL NOW

DONATE



Learn about our exciting new research discovered from a Case Study with a Participant that tested positive for spike protein in the blood using the new COVID Long Hauler Blood Panel called the Basic S1 Immune Subset Panel (click the case study for spike protein tab below.)

The new S1 blood test is the most accurate blood test for detecting C and Spike Protein in the blood. It offers markers and is now available

through our Clinical Trial. Have questions? Use the contact us link. You can also visit: www.docintheloop.com to learn more or order this test.

CASE STUDY FOR SPIKE PROTEIN

Informative water structures in diseases

In 2018 some of the top international scientists attended a seminar at the Royal Society of Medicine in London. The topic pertained to the latest research on water and its healing properties. Professor Luc Montagnier was one of the speakers at this seminar. He gave a lecture titled "Informative Water Structures in Diseases from Quantum Physics to Homeopathy".

Professor Luc Montagnier's work with water and homeopathy is the driving inspiration behind the work that created The Homeopathic Detox Case Study and H2O Frequency Water.
